

What you should do... ...if you suspect a child or adult is being abused:

1. Record the facts as known to you -

Including when and where conversations took place as well as what was said, and being careful to distinguish facts from allegations and opinions.

2. Speak to the Parish Safeguarding Officer, the Team Vicar, or the Diocesan Safeguarding Advisor.

3. It may be in certain exceptional circumstances that the police need to be contacted immediately.

4. Always consider whether immediate medical attention is required.

...if an allegation is made against you:

Inform the Parish Safeguarding Officer, or the Team Vicar, and in every case the Diocese Safeguarding Advisor **MUST be informed as soon as possible.**

Proverbs 31.8

Speak up for those who
cannot speak for themselves...
defend the rights of the
poor and needy.

What you should do... ...if a child or adult tells you something which suggests they have been abused:

Listen to the child and do not stop them while they are freely recalling significant events. **Don't ask direct questions**, or press for details

Reassure the child or adult

Don't promise confidentiality: Let them know that there are other people who need to be told so that they can be helped

Detailed enquiries must be left to the investigating agencies. Record the facts preferably within the hour: a verbatim report of the conversation, dates, times, places mentioned.

Do not delay, or decide to give the benefit of the doubt to parents or others

If there is a risk to the child, or they are afraid to return home:

- DO NOT** discuss with parents or carers
- DO** contact Social Services or the police immediately.
- DO** seek medical help if needed
